Statement of Interest for the November 2023 IGFSAs EC Elections

My first term has been an enjoyable experience thus far and a practical learning curve on fund-raising, even though I have contributed to and supported policy directions. The IGFSAs has provided me with a thorough picture and understanding of the financial mechanisms of the IGF communities. I got the chance to use my fund-raising abilities and skills, and this has prepared me strongly if selected for a second term. I have listened to and learned a lot from colleagues and leaders in the IGFSAs Executive Committee. Not only will I be able to continue assisting and representing the IGF communities, but I will also have the opportunity to coach and uplift the community so that we can all perform at our highest level and go above and beyond expectations at every turn.
